

HUNTERS DEMAND BETTER OFFICIAL.

Say Fish and Game Interests
Need Expert State Super-
vision.

ARE OPPOSED TO A. H. MOYES.

Don't Want a Man Who Never Saw a
Game Bird, for Fish and Game
Commissioner.

The impression generally created by friends of A. H. Moyes, the appointee as fish and game commissioner that the governor will insist on his appointment after the senate has adjourned, despite its conclusions that he has no qualifications for the office, is arousing opposition in fish and game circles.

"Maybe," said one prominent gun man today, "after all the game birds are killed, and after all the animals are destroyed, the state will begin to appreciate that the office of commissioner of fish and game needs an efficient appointee. Then they will appoint an expert, and make a lot more money to protect the birds. This man Moyes said he had never been in the state of Ohio, and he has never been on a march in his life hunting, and knew absolutely nothing of the habits of wild animals. It appears that the senate was sent letters from personal friends who agreed with the appointee, and we need something better. Down at the mouth of the Jordan, the New State club opened when the river was but a narrow channel. Now we have built hundreds of acres of shallow ponds, where ducks have a home, and even go to the extent of feeding them and keeping watchmen there in the closed season to protect them. Every one is made for the protection of the game, and we have done a great deal more in that direction than state legislation.

Some of those by-laws are as follows: Sec. 1. It shall be the duty of all members of this club to strictly observe the game laws of this state, to assist in every way possible the enforcement of the statutes that have been passed, or may be enacted into laws for the preservation and propagation of wild game. Sec. 2. Believing that hunting to be detrimental to the game interests of the state, no member of this club will be permitted to hunt for game on his premises, nor shall any "snk box" or "blind" be used in open water. Sec. 3. It shall be the duty of each member to act in a sportsmanlike manner at all times, discouraging the wanton taking or destruction of wild game, help create a public sentiment that will demand its better protection and use every lawful means to the end that the fish and wild game of this state may be increased.

A SPORTSMAN PROTESTS.
The following letter objecting to the appointment of an incompetent fish and game commissioner was received by the "News" from H. S. Margetta, a well known hunter of the New State club. He has been largely in the state, helping create a sentiment for moderate shooting, and attempts to make homes for wild game so that they may stay in the country. The letter reads: "We need a state fish and game commissioner, who can rough it out with the best of us, and who is carrying on in the neighborhood where game abounds, who understands the habits of game and who will attend to that as a business, and not carry on a regular business in addition; who will put in all his time for the protection of the game, and who is afraid to enforce the law, and see that they are enforced. When the victim of misinformation in making the present appointment, which the senate has rejected, should make an appointment of someone who is qualified. The position

"77" Cures Colds and GRIP Prevents Pneumonia.

Colds are tainted with Grip, in consequence, the influenza is fierce and blinding; the Cough deep-seated and dangerous; the Sore Throat malignant and prostrating. Many persons are confined to their homes and even to their beds.

The prompt use of Dr. Humphrey's "Seventy-seven" restores the checked circulation, the first sign of taking Cold stops the blood coursing through the veins, breaks up the Cold or Grip and prevents Pneumonia.

At Druggists, 25 cents, or mailed. Humphrey's Remedies, Medicine Co., Cor. William and John Streets, New York.

GOOD NEWS FOR PUGS.

The Ralston Bill is Killed in California Senate.

San Francisco, March 3.—If the San Francisco boxing managers behave themselves and live in peace, the pugilistic game is good for two more years. The Ralston bill was brought to a vote in the senate at Sacramento last night and beaten by the decisive vote of 18 to 12. This was really a larger vote than the friends of the poor pug counted on before the roll call was taken. Senators Shortridge and Wolfe proved eloquent defenders of the ring, and fought the bill to the finish. Senator Ralston made a plea for his pet measure on the ground that many of the fights were taken and the dear pug was therefore being swindled. Undoubtedly there have been fixed fights fought, but the percentage has been small since an open betting in the poolrooms has been prohibited. Senator Ralston will allow that some of his associates have taken bribes, but he would not advocate that the senate be abolished because all men elected to office were not honest. Last night's vote settles the Ralston bill as far as this legislature is concerned. Most again for two years, is concerned.

ENGLISH WAS BEATEN.

Rube Smith of Denver Gets Decision Over Clarence.

Denver, March 3.—D. M. Smith was given a well earned decision over Clarence English of Omaha at the end of a ten round go before his Democratic club tonight. Smith averaged two blows to English's one throughout the fight and had the better of the fighting at all times. At the end of the eighth round, Smith was the cleverer, but missed right and left swings repeatedly. There were no knockdowns and neither man was scratched much.

Climax to Hockey Season.

Montreal, March 4.—As a climax to a hockey season marked by rough play, reeking in three instances in the death of players, Allan Loney, a member of the Maxville, Ont., Hockey team, has been indicted on a charge of murder. A week before the Maxville and Alexandria teams were in the last half of an exciting match when Loney struck Alexia Lanthier, of the latter seven, on the head with his stick. Lanthier dropped to the ice and when his comrades reached his side he was dead.

ON THE RACE TRACK.

At San Francisco Long Shots Gathered in the Money.

San Francisco, March 3.—Recent form but little regarded by the long shots gathered in the money, Olympian, after a long sleep, won at 15 to 1 from a good

Good for Clothes
and washer alike—Fels-Naptha
soap.
Fels-Naptha Philadelphia

Field, Glenrice at 10 to 1, Ramona at 5 to 1, and Ebony at 5 to 1 won brackets. Results:
First race, three and a half furlongs—Ramona won, Iron Watson second, Commodore Eastland third. Time—1:45.
Second race, four furlongs—Olympian won, F. E. Shaw second, Badly Used third. Time—1:22.
Third race, seven furlongs—Ebony won, Mildred Shultz second, Harry Book third. Time—1:37.
Fourth race, one and an eighth miles—Glenrice won, J. V. Kirkby second, Maxette third. Time—1:55.
Fifth race, six furlongs—Gold Enamel won, Toledo second, Rockaway third. Time—1:37.
Sixth race, one mile—Squire Johnson won, Telephone second, Hardy Bill third. Time—1:49.

Oaklawn Summary.

Hot Springs, Ark., March 3.—Oaklawn summary:
First race, five furlongs—Voltaire won, Foxi rindana second, Balance All third. Time—1:24.
Second race, three and a half furlongs—Mina Baker won, Jacks Queen second, O. G. Spry third. Time—1:35.
Third race, seven furlongs—handicap—Dawson won, Tosean second, Silver Skin third. Time—1:57.

Sixth race, mile and a sixteenth—Gold Spot won, Bluff second, Morris Holmer third. Time—1:47.

Doings at Ascot.

Los Angeles, March 3.—Poncast at 12 to 1, awoke suddenly at Ascot today, ran seven furlongs in 1:29 and beat a good deal. This was the big surprise of the day, short-priest horses having things much their own way on the whole. Weather, clear, track, fast. Results:
First race, steeplechase, short course—Plea won, Canzler second, Allegiance third. Time—2:04.
Second race, selling, mile—Cottillon won, Bailey second, Buckster third. Time—1:24.
Third race, six furlongs—Vitch Hazel won, Robador second, Lord of the West third. Time—1:47.
Fourth race, seven furlongs—Poncasta won, Sir Brillar second, Tim Payne third. Time—1:47.
Fifth race, mile and sixteenth—Lustig won, Bronze Win second, Eleven Bell third. Time—1:51.
Sixth race, selling, six furlongs—Clov-erton won, Duhar second, Ben Lear third. Time—1:39.

FINE NEW RACE TRACK FOR OGDEN

Cycle Fans Will Have a Chance
To See Bike Riders
In Action.

H. B. HEAGREN TO MANAGE IT.

He Will Also Have Charge of the Salt
Palace Track This Summer—Good
Sport Promised.

Ogden City is to have a fine new bicycle race track. It is to be an eight-lap affair, and will be erected in the near future at a cost of from \$2,500 to \$3,000. It will be an improvement over the Salt Palace track in many particulars. Meets will be held on Monday and Thursday evenings, and band concerts will be given at the track on Sunday evenings. Many prominent business men of Salt Lake and Ogden are behind the project, and that it will be carried through with the greatest possible speed, there is little doubt. Harry Heagren, track manager for the Salt Palace track, will be in charge of the course at Ogden, and he will in all probability have charge of the track.

Exercises will be run on race meet nights to and from the Junction. The track will have a seating capacity of at least 3,000. Bids have been opened for the construction of the track, and soon after a bid is accepted, the work will commence. The men who are interested in the movement, have options on two excellent sites for the track, both of which are located near the business center of the city.

The track will be an improvement over the local one for one by two-inch boards and there will be no noise in start. The back stretch will be different from local track, and the road or people crossing the track to get into the arena, they will enter via a tunnel. Some of the gentlemen who have joined the movement are A. W. Smith, Clarence McCormick, Maynard Olmstead, George Browning, Mr. Sowerford and Archie Bigelow. They propose to incorporate a race track, and eventually make a race course out of the place. The ex-cursions will be in the hands of T. W. Matthews of this city, a man who has had much experience in this line. Mr. Heagren has been working on the scheme for many months, and now has positive assurance that the deal will go through.

In view of this assurance he has been in communication with a score of some of them will come here. Mr. Heagren says that with the arrangement announced, all the riders may take part in meets in Salt Lake and in Ogden. This will give the riders a chance that cannot, or rather is not, beaten in the east in regular race meets. Heagren expects at least 75 riders on the string. In addition to the local riders, those who race here on summer he has secured Dorlin and Root, winners of the six-day race at New York, and Ned Newkirk, winner of the six-day race at New York, and the island of Hokkaido, on Feb. 15, has communicated with the owners of the vessel, filing a cable message at a northern port of Hokkaido.

Engineer Fellows Resigns.

Denver, March 4.—The News today says: A. Lincoln Fellows, district engineer of the United States reclamation service, in charge of the great irrigation projects in seven western states, has resigned. Mr. Fellows telegraphed his resignation to Charles D. Walcott, director of the United States geological survey at Washington last night with the request that it be immediately accepted. At the same time he sent another telegram accepting the appointment of state engineer of North Dakota. Mr. Fellows' resignation is the outcome of technical differences of opinion among the members of the board of consulting engineers of this district over the Yellowstone irrigation project, also known as the Gunnison tunnel, now in course of construction a few miles below Montrose, in this state.

BOISE IS ALL RIGHT.

As Predicted by This Paper, the City Will Stand With P. N. L.

The Boise baseball fans will stand by the Pacific National League, just as we predicted a day or two ago. The leading men of Boise have declared their determination to stick with the league and have refused to sign all contracts. They care very little about the recent decision, and in a letter to the president of the league, they have expressed their confidence that they will be in line all right. Word has been received from W. W. Williams of Williamsport, Pa., that the team of Butte that those towns would be in line. This will give our old friend Lucas a few things to think about. So the fans may be assured that we will have baseball here this summer.

HAMP-DANFORTH CONTEST.

Bout on the 10th Promises to be a Pretty Warm Affair.

The bout between Danforth and Hamp, scheduled for the 10th of the month at the Pastime club on Market street, promises to be a warm affair, as both men are putting in hard work in preparation for the struggle. The preliminaries are all decided upon, and the management says they will be among the best ever seen here. The bout will attract considerable attention. It is between Hackett and Little Terry Davis, a Frenchman, who has been hard at work for some time, looks to be as hard as nails. Considerable attention will be given to this bout, especially by those who saw Hamp and Danforth fight before.

NEARLY CHOKED TO DEATH.

Man Tried to Swallow Evidence Incriminating Him.

New York, March 4.—In his anxiety to swallow alleged incriminating evidence during a raid in Brooklyn, Hugh Winters, the reputed proprietor of a pool room, nearly choked to death. Life was saved by the prompt action of an ambulance surgeon. When the obstruction was removed from Winters' throat with the aid of instruments, it was found to be part of a racing sheet. In his hand he held part of a racing sheet. He was purple in the face and frothing at the mouth. An ambulance was quickly summoned with the result noted. The scrap removed from the prisoner's throat was carefully preserved as evidence by the police.

EVENTS IN MANCHURIA.

Japanese Army Department Only Has Brief Official News.

Tokio, March 4, 11 a. m.—Aside from brief official announcements the Japanese department remains uninformed of the trend of events in Manchuria. It is evident that there is considerable activity along the entire front, which is roughly estimated to be 90 miles long, but it is doubtful if any general action has yet been commenced. News is expected here soon of a severe battle at Chupinglat, where the Russians rallied after their defeat at Tinkhet. It is estimated that the Russian force there exceeds a division with many guns. Unofficial reports say that the Japanese van guard is already in touch with the Russian outposts at Chupinglat. At Imperial headquarters nothing can be learned of the time and nature of the general movement at the front. The Russians seem to be concentrating

NOTICE TO PILE SUFFERERS.

We Do Not Ask You to Take Any-
one's Word For What Pyramid
Pile Cure Will Do.

You Can Have a Trial Package Free
By Mail.

We receive hundreds of letters like the following: "I have been feeling so good I could hardly believe it, after suffering with piles a year to find that I am once more feeling like myself. I wish you could have seen me before I started using Pyramid Pile Cure, and look at me now, and you would say I am not the same man. I have gained 20 pounds, and all around direct Pyramid Pile Cure. Walter Sharkey, 55 Park St., Springfield, Mass. "I bought a fifty cent box of Pyramid Pile Cure and used as directed with the most unexpected results, a complete cure. I have been troubled with piles for thirty years, and at present am free from the most excruciating pain, but at present am free from any kind of piles." F. McKay, Weaverville, N. C.

By the use of Pyramid Pile Cure you will avoid an unnecessary, trying and expensive examination by a physician and will rid yourself of your trouble in the privacy of your own home at trifling expense. After using the free treatment, which we make in plain wrapper, you can secure regular full-size packages from druggists at 50 cents each, or we will send you direct Pyramid Pile Cure upon receipt of price, Pyramid Drug Co., 1354 Main Street, Marshall, Mich.

troops on their center and left, while contracting their line on the extreme right. The batteries of both armies continue to exchange a heavy fire.

MONTANA LEGISLATURE.

Gov. Toole Vetoes Bill Adding
Two Judges to Supreme Court.

Helena, Mont., March 4.—The ninth assembly did not adjourn until 6 o'clock yesterday morning and many of the members are still in Helena. During the session 40 bills were introduced, both houses 35 in the house and 57 in the senate. Of that total 155 passed both houses and went to the governor. He has approved 138 and 27 still remain in his hands. He has 15 days in which to approve them. Among the important bills not yet approved is that creating a state railroad commission and one amending the election law so as to make primaries in Montana follow the system pursued in Wisconsin. Among the important bills approved was one providing for the submission of a constitutional amendment putting in effect the initiative and referendum, and also a fellow servant law, designed especially to meet the views of railway employees. The most important bill vetoed was one adding two justices to the supreme court, making the court consist of five instead of three justices.

Tacoma's Whereabouts Uncertain

Tokio, March 4, 2:30 p. m.—The whereabouts of the American steamer Tacoma is still uncertain. It is reported that the crew, which is said to have left the ship in the last night of the island of Hokkaido, on Feb. 15, has communicated with the owners of the vessel, filing a cable message at a northern port of Hokkaido.

Engineer Fellows Resigns.

Denver, March 4.—The News today says: A. Lincoln Fellows, district engineer of the United States reclamation service, in charge of the great irrigation projects in seven western states, has resigned. Mr. Fellows telegraphed his resignation to Charles D. Walcott, director of the United States geological survey at Washington last night with the request that it be immediately accepted. At the same time he sent another telegram accepting the appointment of state engineer of North Dakota. Mr. Fellows' resignation is the outcome of technical differences of opinion among the members of the board of consulting engineers of this district over the Yellowstone irrigation project, also known as the Gunnison tunnel, now in course of construction a few miles below Montrose, in this state.

Tried to Sink British Steamer.

Manila, March 4.—Japanese embarked in fishing sampans made four attempts to sink the British steamer Carlisle last night, according to a report current here, but were repulsed by the customs guards on board the vessel, who fired upon the sampans.

The steamer Carlisle now lying in Manila harbor was towed in there recently from San Miguel bay at the southern end of the island of Luzon, where she was lying in wait for the arrival of the Russian government to carry supplies from Vladivostok to Port Arthur, but lost her propeller, finally drifting to San Miguel bay, where the captain brought up anchor, and went up to Manila for assistance.

My Breath.

Shortness of Breath
Is One of the Com-
monest Signs of
Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured. Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homeopathic) of regular practicing physicians. It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers—there is something wrong with it. The very best thing you can do, is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves. "I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I have suffered from shortness of breath, smothering spells, and pains in my left side. For months at a time I would be unable to lie on my left side, and if I lay flat on my back would nearly smother. A friend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at once, and after taking several bottles my shortness of breath, smothering spells, and other symptoms vanished. I am now entirely well. All these dreadful smothering spells, and pains in the past." F. P. DRAKE, Middletown, O. If the first bottle does not help you, the drug store will refund your money. FREE Write to us for Free Trial Package of Dr. Miles' Anti-Pain Pills, the New Scientific Remedy for Rheumatism, Neuralgia, Headache, Toothache, etc. Our Specialist will diagnose your case, tell you what is wrong, and how to take it. Write to Dr. J. C. RAY, LABORATORIES, ELKHART, IND.

TWO SPECIAL TRANS COLLIDE.

Were Carrying Ohio National
Guardsmen to Washington for
The Inauguration.

SEVEN PERSONS WERE KILLED.

Forty Were Injured, Some of Whom
Will Probably Die—Wreck-
age Takes Fire.

Pittsburg, Pa., March 4.—After the most searching investigation it is now practically certain that the list of dead caused by the collision last night between the two special trains from Cleveland on the Pennsylvania railroad at Clifton station, will not exceed seven. Some of the soldiers say a number of their comrades are still under the wreck, but all seem to have been accounted for.

THE DEAD.

The following is a revised list of the dead:
Lieut. Donaldson C. Schofield, of company D, a Cleveland architect.
Capt. William R. Henry, battalion surgeon and a prominent Cleveland physician.
Corporal James Kehoe, company C, Cleveland.
Private R. H. Held, company C.
Frank Pinney, aged 10, son of Lieut. O. C. Pinney, of company C.
Dodge, Pullman conductor, Chicago.
Private Richard Buenger, company C.

Early reports had one woman among the dead. This has proven to be a mistake. The list of injured will reach 40, six or seven of whom are likely to die. All are being cared for at the several hospitals.

THE INJURED.

Among the more seriously injured are:
Maj. J. R. McQuigg, commanding the engineers battalion, Cleveland; both legs broken, and arm injured.
Lieut. R. D. Smith, Co. H, Fairfield, O.; both legs broken and head cut; cannot live.
Frank H. Johnstone, aged 20, Cleveland, right leg broken, and injured internally.
George Riley, Cleveland, member of Tippecanoe club. Guest of Maj. McQuigg, injured internally and suffering from concussion of the brain; will probably die.
Hubbard Lowe, negro cook, Cleveland, badly bruised and hurt internally.
Charles H. Sturges, company C, Cleveland, badly bruised and hurt internally.
Charles H. Sturges, company C, Cleveland; badly burned about the hands, face and back.
James D. Gray, negro cook, battery A, Cleveland; scalp wound and internal injuries, will die.

O. C. Pinney, quartermaster, company C, skull fractured, may die.
Florey Fisher, Cleveland optician, scalp wounds; burned about the face and hands; wrist fractured.
Both trains left Cleveland about noon yesterday and were making a good time to Washington. The national guard engineers had the first train which consisted of a baggage and six Pullmans. Just after the train had passed through the Conway yards it was struck by a freight train. The engine of the freight train was running on one block apart. At Clifton the train was again stopped on account of the freight train. The flagman, John Lindsay, was sent back to the freight train to stop the train approaching, in case it had left the set-off signals.

Murray had hardly left the train when the second engine was passing. When the second engine was passing at this point, Engineer Nicholas Long of the second train, said the block he passed showed green, but when he saw the freight train he applied the brakes. It was too late. The heavy train sped on over the slippery rails and crashed fairly into the rear coach of the first train.

So great was the speed that the engine plowed clean through the heavy observation car, splitting it in two and jamming the trucks against the second coach.

The baggage car and first coach on the second train were thrown from the tracks. The work of rescue commenced at once. Flames broke out in the wreckage. After the fire had been brought under control the wrecking gang with their derricks began the work of searching the mass of wreckage for more victims. The charred coaches were pulled apart, every piece being thrown into the river. In the pile of smoldering timbers which lay against the front of the wrecked engine they found three bodies, jammed tightly together. Only one of them was identified for some time. That was the body of Frank Pinney, the 10-year-old boy.

"Take that sword of mine and use it!" The command from Maj. McQuigg as he lay helpless was the last he will issue to the members of his command. Some time to come, both his legs were broken. While his injuries were being attended to some of the surgeons began a search for splints. Maj. McQuigg saw his difficulty and instantly suggested the use of his own sabers for the purpose. This was done; then he ordered one of the privates to bring up his rifle and with the bayonet taken from this, the other injured leg was bandaged.

The battalion returned to Cleveland this morning on a special train. The Tippecanoe club, however, continued their journey to Washington on another special.

Convicts to Build Harvesters.

St. Paul, Minn., March 3.—A resolution looking to the establishment of a state factory for the manufacture of harvesting machinery by convicts, was adopted today in the Minnesota house of representatives.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 548 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at Z. C. M. I. Drug Dept. Price 50c.

THE KING OF BLOOD PURIFIERS S.S.S.

In every collection of things there is a superior, one that stands above all the rest and is known as the best, or king of its class. By its record of forty years of cures S. S. S. has demonstrated its superiority over all other blood purifiers and is known and recognized everywhere as the best—The King of Blood Purifiers. The people everywhere endorse it, and there are few homes where this great remedy is not known and used, and today there are thousands in all parts of the country who have been cured of diseases by its use and who are daily recommending it to those who are in need of a blood purifier. It has held the confidence of the public for this long period of time, and is more in favor now than ever before, because it does all that is claimed for it, and "S. S. S. for the blood" has grown to be a household saying.

One of its greatest claims to the title of "The King of Blood Purifiers" is that it is purely vegetable, being made entirely from roots, herbs and barks of the forests and fields, selected for their purifying and healing action on the blood and their fine tonic properties for building up and strengthening the entire system. Not so with the usual blood medicines, for they contain Potash and other strong mineral ingredients that derange the stomach and digestion and otherwise damage the health.

Bad blood is responsible for most of the ailments of mankind. When from any cause the Liver, Kidneys, Bowels or other organs of bodily waste become torpid, dull or sluggish in their action, and fail to carry out the poisons which are being constantly formed in the system, these poisons are absorbed by the blood. As this vital fluid is the very life of the body, nourishing and supplying strength, through its circulation, to every muscle, nerve, bone and tissue, disease in some form is sure to follow when it becomes contaminated.

Eczema, Tetter, Acne, Pimples, Boils, etc., while they show on the skin have an underlying cause which is far deeper—a poisoned blood supply—and until this is corrected and the blood made pure and strong, the distressing itching and burning as well as the disfiguring, humiliating symptoms will remain to torment the sufferer. No amount of salves, washes, skin foods, rouge, etc., can reach the trouble; a real blood remedy
